Attendance

Last week's attendance winners were 5G and 1W. Well done to these classes who have won some extra playtime this week.

Health and safety – Parent and staff conduct.

In school, we have a code of conduct that we expect all pupils, staff and parents to adhere to. This is one of mutual respect and support, where we expect all members of the community to be civil and respond in a non-threatening way. Please remember to behave appropriately when dealing with any member of staff.

For health and safety reasons, parents should not go into school in the mornings to see staff members without a prior appointment. This is so we know who is in school and teachers are with pupils working with them from 8.45. If parents wish to see their child's teacher please email for an appointment or catch them on the playground after school. Thank you
